Dear Mom + Pop,

As you can see I've
changed my address again.
I'm still feeling fine
and I hope you are too.

I saw more grape vines
here in North Africa
than I've seen in all
the rest of my life. The
grapes grow on little
plants about 2 feet tall.
I don't know whether
the plants grow into
vines or not but I don't
think so. There are fields
and still more fields of
these grapes all over
North Africa.

There's not much more

I can say, but I'll try.

I'm still with the whole gang from my basic training camp and I'm glad we didn't get separated.

We had a couple of real good meals here and it surprised me.

We can go swimming here every night if we want to.

That's all, folks.
