Dear mom + Pop,

It just occurred to me that two more days and it will be Bib's birthday. I never keep track of the date and I just asked one of the boys before I found out. I don't even know how old he is. I want to send him my best wishes anyhow.

Right now I am writing this letter in the Guardhouse. But don't worry, I am on guard and the guards sleep in the guardhouse when they are not walking post.

I like this camp

better than the last one
and I hope I stay here
a little longer.

I guess Vince went
by now but, to tell
you the truth, I hope
he never goes.

That's about all I
have to say for now.

L. & K. So - Long,
