Dear Frankie:

This May will be two years since I received your first letter. I can honestly say that I've enjoyed receiving everyone of your letters. I really liked writing to you.

The way things are going in Europe it looks like peace in Europe isn't too far away. After that big job, there'll even be a bigger one in the Pacific. The sooner this mess ends the better. Then all you boys can go home and pick up where you left off before you entered the service - Take care of yourself & get well soon -

*Always,
 Care,*
